# The G.A.P! Times

*Girls Actively Participating! / 734-8528*

## From the Exec

Just a quick thank you for another fabulous year of GAP! Thank you to the donors, drivers, mothers, fathers, board members, volunteers and girls... so many people who made this a successful seventh year of Girls Actively Participating! The next two months hold more activities. Come join the fun!

## Donors Come to Play

What a better way to insure your dollars are being spent on a worthwhile cause, then to join the fun and meet the girls. Donors Connell Hughes, Anna Adams, and Ruth Patterson joined us for a refreshingly cold tube ride at King Tube. Connell even beat a few of the girls racing on tubes.

Other donors have also come to play. Jen Simon for a climbing day. Melissa Turley created a beaded bracelet and necklace, and Barbara Trachtenberg painted pottery with the girls. I encourage all of our donors to join us for our End-of-the-Year picnic or for an activity this summer. You will see the many smiles and know your money was well spent!

Tubing!
