

Making an Impact

One girl at a time

Gracie loved the GAP! group she was part of in Jackson Hole. I believe you made a difference in her life. You would be really proud of the young lady she has become.

--Nancy Polleys Bernard

I say thanks G.A.P! I see your positive influence in my daughter as she winds her way through these tough middle school years.

What the girls say...

- Most girls participated in GAP! on their own volition and were attracted to the program by its fun nature. *It is exciting that the nature of the program is what draws the girls to the program.*
- GAP! was the primary activity of many of the girls who consistently attended meetings.

What moms and dads say...

Parents were surveyed about GAP!

- All the mothers felt their daughters' self-esteem was positively affected by G.A.P!
- All parents strongly agreed their daughters enjoyed the program.
- The majority of mothers agreed/ strongly agreed they noticed a positive change in their daughters since joining Girls Actively Participating!
- Mothers agreed/ strongly agreed their daughters were positively influenced by the Life Skills curriculum.

What the numbers say...

- Over 300 girls have participated in GAP! in the last 6 years.
- Programming for an entire year is less than the price of a week- long summer camp. (\$200/girl)
